Learn how to play the flute, poetry, drama, reading, writing, math, public speaking and science at our schools for boys ages 7-14.
Hey! Did You Know......?

Did you know a lot of our people make some of the best coins? They also had a King that had many advisors. And all boys went to military school for at least two years. Corinth's government solved many problems that face cities today. The climate here is very warm.

(^) This is a reenactment of an old picture of a class from Corinth in 450 B.C.

Here are more coins made by the one and only, Corinthian people!
